

Virtual Robotics Learning Lab:

Robotics with SPIKE Prime develops the digital literacy needed to inspire the creative minds of tomorrow!

Suitable For Grades 5 to Year 8, each class will enjoy a 1 hour virtual hands-on workshop, using SPIKE Prime to explore the world of coding and robotics.

The LEGO sets for 28 students will be delivered and picked up at your school.

Information

We can discuss options on the process of providing these virtual workshops.

1. The teacher will send a ZOOM invitation and allow Moore Educational to co host and facilitate the session. It is up to the teacher to invite students with their own devices or:
2. Moore Educational will send and host a ZOOM meeting to share the presentation on a large screen for the children in the class to participate.
3. The LEGO sets will be sent to your school prior to the workshop along with an invoice for payment. Software download information will be provided to be preloaded onto students devices. One device per 2Students.

Suggested daily timetable

1. 9.30-10.30am
2. 10.45-11.45am
3. 12noon-1pm

We know every effort will be made to return the sets complete. An itemized cost sheet will be sent with the sets outlining any charge for significant missing pieces.
